Dear Harold,

From my re-collection of The Bandy Show on 3/18 there was extensive editing. However, Bandy did state that Foreman had refused to appear on The Show with Harold Weisberg. Ambiguity clouded this point. The point was stated, not stressed.

Audience re-action was toned out.

Hanes was shocked

well. Many references to Hue were cut.

On the whole the reading was not blatant.

From the closing words of Bandy, another such show was scheduled and if so, I'll give you an "unedited" view.

Best Wishes,
